

NGX[®]

MINI 2

AMI'S COMPACT DIGITAL JUKEBOX

FOR ROI - IT'S AMI

Choosing a new jukebox to add to your route doesn't have to be a complicated decision. Today, there are lots of similarities across brands – from great lighting and sound, to mobile integration, to having all the music that matters most.

How is AMI different? That's easy! AMI generates better profitability with both song AND music video plays, simplifies your life with one set of parts, and provides the same level of friendly and helpful support to all customers, regardless of their size.

Simply put, businesses that operate AMI earn more while spending less.

MORE THAN JUST GREAT MUSIC

The compact NGX Mini 2 gives you great sound, unbeatable music, and dynamic lighting effects to entertain any crowd.

- Connect customers of all ages with the artists and genres they love the most - all searchable through a simple and straightforward menu.
- Offer patrons access to **over a million songs** stored online, or block the display of artists, songs, or genres that aren't quite right for your location.
- Kick your jukebox experience into high gear with **thousands of music videos** that can play on a connected TV. (Upgrade Kit Required)
- Change the default language preference from English to Spanish and tap into AMI's robust collection of Latin American music.
- Tap into hundreds of thousands of fanatic **AMI BarLink** mobile app users. Our app not only allows patrons to play the jukebox, it also allows them to carry unused credits from venue to venue.
- Use **AMI Ad Manager** to build and schedule your very own ads that display on the jukebox. Choose from one of our ready-made templates or upload an image you've already designed.
- Get peace of mind with **unbeatable 24/7 tech support**. AMI's friendly and knowledgeable staff can resolve many issues right over the phone.

With an easy-to-use interface, reliable hardware that won't leave you hanging, and revenue-boosting add-ons like music video, it's easy to see why the NGX Mini 2 is the right fit for your location.

JUKEBOX TECH SPECS

- Core computer package includes hard drive, motherboard, power supply, and I/O controller
- Wired and IR wireless remote controls
- Credit card reader and MEI BA with 700 bill capacity (contact your distributor for Canadian and International options)

THIS JUKEBOX MEANS BUSINESS

AMI Ad Manager lets you transform the upper half of your NGX Mini 2 Jukebox into powerful digital signage. Whether you're promoting what's happening right now or what's coming up soon, there are hundreds of ways to put AMI Ad Manager to work for your business.

- Promote your own products and services - advertise a rewards program, gift cards, seasonal discounts, upcoming events, and more.
- Promote daily and nightly specials! With AMI Ad Manager, you can schedule promotions in advance by selecting the times and dates your ads will display on the jukebox. Best of all, you can now create, update and schedule your ads right from your smartphone or tablet via amientertainment.net.
- Use AMI Ad Manager in combination with **Free Play Mode** - a pay-by-the-hour service for venues that lets patrons play music free of charge. Schedule and promote "free jukebox nights" in lieu of karaoke or a DJ.
- Build your online following - promote your Facebook, Twitter, and other social media pages using AMI Ad Manager's suite of social media templates.
- AMI Ad Manager offers more than 1,300 custom templates to choose from - with everything from general announcements & seasonal promotions to food, wine, and beer lists.

Want to put your promotional ads on TV? Add AMI's **Music Video Upgrade Kit** to your NGX Mini 2! Ads scheduled through AMI Ad Manager will appear on TVs connected to your jukebox - allowing you to provide not only a new form of revenue through music video, but also a powerful digital signage solution!

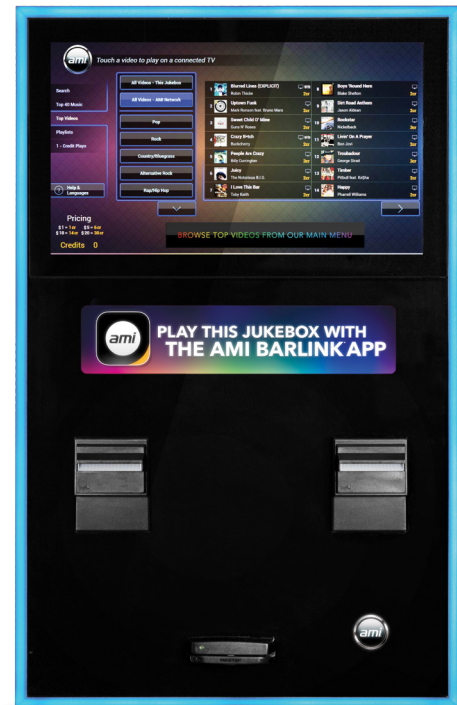

FIND YOUR PERFECT FIT

Go basic or go big. Unlike other jukeboxes, the NGX Mini 2 can be configured in endless ways. Find the right custom fit for your business:

- Add music video capabilities with AMI's **Music Video Upgrade Kit**. This easy-to-install kit enables the NGX Mini 2 to connect to a nearby HDTV. Promote your jukebox, promote your business, and play music videos on television!
- Upgrade your NGX Mini 2 sound system from 2-channel to 4-channel with our new **Amplifier Upgrade Kit**.
- Go wireless with AT&T, Sprint, or Verizon Wireless Aircards. (Not to be combined with Music Video Upgrade Kit)
- Add ADA Compliance to your wall-mounted NGX Mini 2 with our new **ADA Trackball Kit!**
- Double your ability to capture revenue on busy nights with dual ME1 or CoinCo bill acceptors.
